ACADEMIC PARTNERSHIP WITH

MCX-SX is a national stock exchange granted approval by Securities and Exchange Board of India (SEBI) to offer trading in equities, equity derivatives, whole sale and retail debt, corporate debt, SME, equity, interest rate and currency futures. MCX-SX is promoted by the Financial Technologies Group that has global operations in financial technology solutions, multi asset class exchanges and clearing corporations; collateral and risk management, real time information, mobile payment solutions and knowledge management. MCX-SX is owned to the extent of 89% by the public sector banks and financial institutions. MCX-SX has leadership in exchange traded currency futures and will now soon expand its product range in other segments.

MCX-SX extends the reach and access of a powerful and fast growing national stock exchange to academic and research institutions with an objective of capacity building in terms of financial markets research, faculty development, curriculum development, special reviews and studies, financial education, financial literacy, seminars/workshops/conferences, exchange visits and special skill development programs. It is keen to establish and nurture partnerships and collaborations with a cross section of academic and research institutions as a part of the academia-industry cooperation that will help the academic community to draw benefits from the growing financial markets landscape that could help expand the scope and significance of academic and research initiatives.

Through a broad understanding, we have agreed to cooperate and collaborate in promoting financial literacy, research and education initiatives. Specific activities of mutual interest will be developed in the manner and the scope as mutually agreed upon from time to time.

This understanding comes into effect from the date of signing and will be valid till the same is terminated from either side by giving suitable notice.
